MALARIAL POISONING. ESPECIALLY

CHRONIC INTERMITTENT FEVER.

CHRONIC INTERMITTENT FEVER, FUNC-TIONAL DERANGEMENT OF THE LIVER, JAUNDICE, ENLARGED SPLEEN, &c. STATED BY DR. SAMUEL J. WATSON, LOMBARDY GROVE, VA.

GROVE, VA.

*For some two years prior to the summer of 1879 I was often called to attend a family consisting of five persons; ail of whom suffered during that period frequent and prolonged attacks of INTERNATITENT FEVER. In some of these cases there were serious FUNCTIONAL DE-RANGEMENT OF THE LIVER JAUNDICE, and ENLARGEMENT OF THE LIVER, JAUNDICE, and ENLARGEMENT OF THE SPLEEN. The usual anti-periodic remedies, with other appropriate treatment, would, as a rule, arrest the discuss, but with a suspension of the remedies it invariably returned after a short interval. Salisfied that perimanent relief was not to be hoped for from remedies which had so long failed of the desired effect, in the month of June, 1879, I put the entire family on the Buffalo Lithia Water, abandoning all other treatment. The result may be stated in a few words: In a period of from eight to ten weeks—the time varying somewhat with the different persons—there was a total cossation of the attacks in all of the cases, a disappearance of other Els resulting from them, and the most marked improvement in the general health. Though eighteen months have now eighed, there has been no return of the disease with any member of the family.

LIVER AFFECTION, JAUNDICE, AND DROP-SICAL EFFUSION, THE SEQUELÆ OF INTERMITTENT FEVER.

CASE OF DE. DAVID G. SNITH, OAKLEY, MECK-LENBURG COUNTY, VA.

"Some years ago, when a resident of a MALA-RIOUS southern climate, my general health com-pletely succumbed to offt-repeated and obstinate attacks of INTERMITTENT FEVER. My whole

HEAR THE WITNESSES.

To to May last I had spent at least five hundred dollars for treatment by many of the best medical men without any benefit. I suffered exeruciatingly, and all my best friends advised me that the ley hand of death was fast approaching. I caught at 8. S. S. like a drowning man at a straw. After taking two bottles I could feel a change for the better. The sores began to discharge freely and the rheumatism to abate. When I had taken six bottles every sore had bealed, and my skin began to assume a natural appearance. I persisted until I had taken twelve bottles, large size, and THERE IS NOT A SYMPTOM OF THE DISCASE REMAINING, and I feel as well as I ever did. I have gained twenty-one pounds in flesh, and my friends wonder at my improved condition. I have recommended it to many, and in every instance with complete success. Thetievethat S. S. Anas saved me from a horrible death.

C. H. SMILEY, Quincy, III.

Was being victimized simply to keep him away from the court-room until the prison—or should be discharged. An effort was made to rearrest Eckert, but he had left town.

Reading, Pa., has been neeced of a considerable amount of money by confidence men. It appears that last Wednesday Mr. Young arrived here and went into stylish quarters at the Fountain House. Thursday afternoon a fine-looking young man approached Mr. Young. "Mr. Young, of Depression of the Control of the C Reading," said the stranger, "I am glad to see you. I have been travelling and have not seen anybody from home in weeks," and the young man then informed Mr. Young that he was a son of Henry S. Eckert, president of the Second National Bank of Reading. He asked affectionately for news, and about Mr. Young's son, who

were involved. I became JAUNICELLEAN DYSE PEPTIC. EMACIATED. A CASE STATED BY DIL P.F. J. GREGORY, KEYSVILLE. CHARLOTTE COUNTY, VA.
